

the Liberation of Palestine-General Command, who devised some of the deadliest terror attacks against Israel from the 60s to the 80s.

His attacks included including the 1970 hijacking and bombing of a Swissair plane with the death of all 47 passengers and crew, the Avivim school bus massacre in Israel with 18 victims, and a 1974 massacre in Kiryat Shemonah where 16 people, including eight children, were killed.

## VICTIMS OF POWAY SHUL SHOOTING CAN SUE GUNMAKER

A California judge decided victims of the 2019 shooting in the Chabad shul in Poway that killed one worshiper and wounded three can sue the manufacturer of the semiautomatic rifle and the gun shop that sold it to the teenage gunman, according to a newspaper report.

Superior Court Judge Kenneth Medel said that victims and families in the Poway, California, synagogue shooting have adequately

alleged that Smith & Wesson, the nation's largest gunmaker, knew its AR-15-style rifle could be easily modified into a machine-gun-like or an assault weapon in violation of state law.

A 2005 federal law shields gunmakers from damages in most cases for crimes committed with their weapons. But it allows lawsuits if the manufacturer was negligent or knowingly violated a state or federal law, the San Francisco Chronicle reported.

Medel said the plaintiffs may also be able to sue on their claims that Smith & Wesson negligently marketed the rifle to youths on social media and video game-style ads, the newspaper said.

The judge also said the shop, San Diego Guns, could be sued for selling the weapon to John Earnest, who was 19 and lacked a hunting license that would have exempted him from California's 21-year minimum age for owning long guns.

Prosecutors say Earnest, a nursing student, opened fire with a semi-automatic rifle during the last day of Pesach services in April 2019. The attack killed 60-year-old Lori Gilbert-Kaye and wounded three others, including an 8-year-old girl and the rabbi, who lost a finger.

Earnest then allegedly called 911 to say he had shot up a synagogue because Jews were trying to "destroy all white people," authorities said.

Earnest faces state murder charges carrying a potential death sentence and federal hate-crime charges.

The ruling is a victory for "all Americans who believe that the gun industry is not above the law," said Jon Lowy, chief counsel for the Brady Campaign to Prevent Gun Violence, which sued on behalf of the victims.

## IRAN'S FORMER AMBASSADOR TO IRAQ: PASSIVE US POSITIONS SPELL IMMINENT COLLAPSE OF AMERICA

President Joe Biden is indecisive and the United States' "passive position" in the region spells the imminent collapse of America, said Iran's former ambassador to Iraq in a recent interview.

"I believe that the current president is not a two-term president. He is a president who cannot make decisions," Hassan Danaeifar told Iran's Channel 5 in a recent interview.

"The Americans have been unable to make a decision with regard to Syria. They have made half-decisions and failed to accomplish their plans—not only in Iraq, with regard to Islamic State, but also in Syria, and in Lebanon," he said.

American society, said Danaeifar, has encountered "serious problems."

"There is serious polarization, which manifested itself, especially, with the election of President [Donald] Trump," he said, adding that the Jan. 6 attack on the U.S. Capitol "is not insignificant."

"When we examine the region, we see that on the various issues, the Americans have taken a passive position. This passive position spells the imminent collapse of America, said Danaeifar, adding, "You can rest assured [about that]."

He noted that both he and the interviewer were old enough to have witnessed the fall of the Shah and of the USSR, and stated that they would witness the fall of the United States as well.
